

## Nonjudicial Punishment

Nonjudicial punishment (also referred to as an Article 15, in reference to the Uniform Code of Military Justice (UCMJ) which authorizes the action) is a tool that provides commanders with an essential and swift means of maintaining good order and discipline. A member must accept NJP as a forum for allegations of misconduct or demand trial by court-martial once NJP is offered by a commander. NJP is designed to promote behavioral changes in service members without the stigma that comes with a criminal conviction at trial. NJP lies between a Letter of Reprimand and a court-martial on the spectrum of the continuum of discipline, whose ultimate goal is to promote rehabilitation in service members to encourage them to adhere to standards.
