MEMORANDUM FOR DISTRIBUTION ALL EDWARDS AFB PERSONNEL

FROM: 412 TW/CC

SUBJECT: Environmental Management System (EMS) Commitment Statement

1. Air Force Instruction (AFI) 32-7001, *Environmental Management*, requires installations to maintain an environmental commitment statement which supports Air Force Policy Directive 90-8.
2. Edwards AFB is committed to conducting its national security mission of research, development, test and evaluation of aerospace systems from concept to combat in an environmentally responsible manner that will protect human health, natural resources, and the environment. It is our objective to ensure the progressive improvement of Environmental Management System aspects and impacts in all operations, facilities and daily activities. Our goal is to provide the best possible environment to sustain the mission, life and health of everyone living and working on Edwards AFB and our surrounding communities through programs dedicated to continual improvement. Edwards AFB's environmental commitment:
 - a. Is appropriate to the nature, scale and environmental impacts of its activities, products and services.
 - b. Includes a commitment to continual improvement and pollution prevention.
 - c. Includes a commitment to comply with applicable legal requirements and with other requirements to which the organization subscribes which relate to its environmental aspects.
 - d. Provides the framework for setting and reviewing environmental objectives and targets.
 - e. Is communicated to all persons working and residing on the installation.
 - f. Provides base wide training venues for personal awareness through the Air Force Civil Engineer Center and the 412th Civil Engineer Group, Environmental Management Division.
 - g. Is documented, implemented and maintained by the Environmental Management Division and available on the Edwards AFB eDASH SharePoint page and the Edwards AFB Public website page.
3. This memorandum supersedes all previous versions, regarding same subject. For questions of further information, please contact the Environmental Management Division at 661-277-1478.
